4 The management of the School maybe handed over to Mr Seshamma Rao as recommended by the D.C. It is however to be hoped that he will not create any hostility towards the School on the part of the members of the Cooperative Society, whose proposal to the same effect it was first recommended by the D.C for acceptance

5 No doubt a single person may be able to devote more time & attention to the work than a Society.

6 I am not sure that an individual person is better than a Cooperative body to be entrusted with such work Mr Seshagiri Rao has no doubt worked enthusiastically in connection with the Girls' School, and it would be a pity if he can cooperate with the Society by getting elected as one of its managing members Perhaps the D.C and

7 I presume that the Registrar of C.S has made certain that it is not inconsistent legally with the articles of association under which this Society works, to run an industrial school. To make certain, he may be asked expressly if he has examined this side of the question.

Srinivasa Rao, Retired Amildar Hassan has appl for the transfer of the management of the Industrial School Hassan to him He is willing to accept all the conditions laid down by me as shown in my letter referred to above He says that his object in taking up the Industrial School is to train poor boys to compete for the Technical Examinations and not to make any profit out of the school Mr Srinivasa Ra has shown great zeal and energy in establishing the Vanivilas Kannada Girls' School at Hassan I believe that the school will work better under

his management than under the management of

members and is not likely to look after the affairs
of the school with a proper sense of responsibility

With reference to your letter No 13063 / Edn 437-08 3 dated June 1909, I have the honour to inform you that Registrar of Cooperative Societies in Mysore in his letter of 13th Instant that the objects of the Hassan Cooperative Society do not prevent it from taking management of the Industrial School there under its control. I submit herewith a copy of the translation of the by Laws relating to the General objects of the Society

2 The Members of the Executive Committee of the Hassan Central Cooperative Society say that they are unable to associate Mr. H. Society and that those by-laws require that all transactions of the society must be managed only by the Members of the Managing Committee. They also see that the present Managing Committee which consists of capable men does not require any help in managing the Industrial School.
